SYNTHETIC QA FIXTURE - NOT A REAL CANDIDATE

Product Manager, Example B2B Analytics, 2020-present.

Led discovery interviews with 35 customer administrators for a SaaS reporting product.

Prioritized the roadmap with sales, design and engineering; increased activation from 42% to 57%.

Analyzed product adoption with SQL dashboards built by the analytics team; no programming experience.

Coordinated stakeholders across three enterprise customer segments.

BA Business, Example University, 2020.
